# Edison Wetlands Association's Winter 2011-12 Save-a-Friend Campaign

Dear Friend of the Triple C Ranch,

Thanks to the generous support of our members, the nonprofit Edison Wetlands Association (EWA) is almost done restoring the Triple C Ranch as the last remaining farm in the Edison area after Hurricane Irene caused tremendous damage.

Thanks to our partnership with the Terra Nova Garden Club and student volunteers from J.P. Stevens High School, the ranch garden produced many homegrown vegetables that were donated to local food banks. And the volunteers built a model rain garden to help catch our rain water and prevent extra runoff in this flood-prone area.

Since EWA preserved the Triple C Ranch over a decade ago, countless groups have enjoyed the ranch for environmental education, nature walks, farm tours, and birdwatching events. Now you can also visit our brand new nature center, which opened in 2011! Give us a call and set up a time to stop by and say hello!

In the meantime, winter is on its way and our farm animals are neighing, clucking and oinking to be “adopted” by you! For example, Charlotte eats more than twice her body weight—**nearly a full ton of food**—each year! Shortie the pony has quite the appetite, and Steve the cat remains everyone’s favorite “Puss N Boots” in joining visitors for their farm tours. A generous donor will be matching all donations up to \$3,000 to help finish repairs at the Triple C and prepare our animals for winter.

**Our eighth annual Save-a-Friend campaign offers you the chance to “adopt” a farm animal by covering his/her daily food and veterinary care.**

**EWA is a 501(c)(3) nonprofit corporation. Your donation is tax-deductible.**

**Count me in! I want to “adopt” a farm animal at the Triple C Ranch and join EWA’s eighth annual Save-a-Friend Program for the winter of 2011-2012.**
