SAVE-A-FRIEND

Triple C Ranch's 26 farm animals are neighing, clucking and oinking to be "adopted" by you! Save-a-Friend offers you the chance to "adopt" a farm animal by covering his/her daily food and veterinary care, while EWA continues improving our facilities and petting zoo.

As a Save-a-Friend donor, you will receive a color photo certificate of your animal with a personalized title, as well as a thank-you in EWA's *Wetlands Watch* newsletter.

EWA's non-profit Save-a-Friend program offers three adoption levels for your **tax-exempt donation:**

For **\$20**, a **Triple C Friend** covers food, shelter and care for one animal for nearly two weeks.

For **\$50**, a **Triple C Sponsor** covers food, shelter and care for one animal for one month. You will also receive a free 2009 nature calendar.

For **\$100 or more**, covering food, shelter and care for one animal for a season, you will receive a free 2009 nature calendar and be honored as a **Hero of the Triple C Ranch** on a plaque adorning the barn this coming spring. You will also get a free EWA t-shirt.

For **\$1000 or more**, helping to cover overhead costs moving forward, you'll be honored as a **Lifetime Benefactor** and receive the "Hero" benefits as well as a party in your honor at the Triple C Ranch and exclusively use the Ranch for private parties.

Your tax-exempt donation will help EWA get the Triple C Ranch through another frigid Dismal Swamp winter. Come visit your animal "friend" this winter through our expanded weekday visiting hours. (See next panel for details.)

Flip this page for our roster of animals. Thanks in advance for your generosity!

TRIPLE C RANCH

The 40-acre Triple C Ranch is located in the heart of the Dismal Swamp Conservation Area, approximately 1,240 acres of environmentally sensitive wetlands, upland forest and wild meadows. One of the last horse farms in Middlesex County, the Triple C had fallen into considerable disrepair before EWA got involved. We saved it in 2001.

Recently, EWA rehabilitated the old barn and restored the chicken coop and a shelter for our eight goats. We are expanding our nature center, petting zoo, Dismal Swamp ecotours and public wildlife events. Best of all, a pony now lives at the Triple C Ranch!

EWA recently expanded our environmental education program to offer kids from across Central New Jersey an exciting outdoor learning lab. As the only place for students and families to enjoy nature in Northern Middlesex County, "The Diz" is a true outdoor classroom. Call us to book a tour!

This winter, EWA is offering Members-Only visiting hours at the Triple C Ranch on weekdays from 10am to 3pm! Call ahead to confirm your visit and check in our Triple C office nature center.
